Friday, November 27<sup>th</sup>- Well Fed

Friday, December 11<sup>th</sup>- Arka

### **PRINCIPAL'S MESSAGE:**

Following the recent announcement of the four new public health orders made by the provincial health officer we have reviewed and reinforced COVID-19 health and safety plans and procedures in place at SPX school. It is important to note that the new restrictions on social gatherings to do not apply to schools. Also, group physical activities like Physical Education classes are permitted to continue. We will continue to ensure all COVID-19 health and safety measures are followed and protocols and practices put in place that keep all students and staff safe.

At this time, it is everyone's responsibility to continue efforts and ensure the guidelines that keep us safe are followed, including:

- Maximize physical distancing (particularly at pick up time)
- Minimize physical contact
- Practice frequent and proper hand hygiene
- Wear masks as appropriate and when they are required
- Conscientiously complete the daily self-health check prior to arriving at school (again thank you for erring on the side of caution in regards to sickness)

Dr. Henry notes the importance of having schools continue to operate under the current safety plans. We appreciate everyone's ongoing efforts and by working together we can and will continue to keep our school safe.
